

Directions to the Northeastern University Interdisciplinary Science & Engineering Complex (ISEC) Room 550

1. The Northeastern ISEC building is located at 805 Columbus Ave in Boston. You can reach this building by car (next to the building is the Columbus Parking Garage at 795 Columbus Ave), with the Orange line to Ruggles station, and with various bus lines.

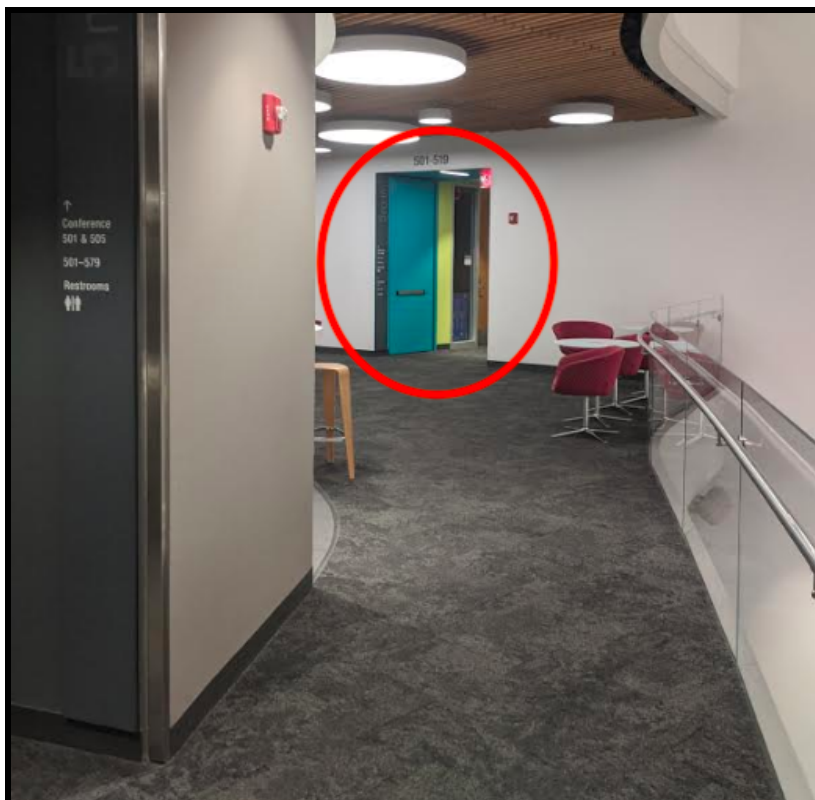

2. Enter The ISEC building via the Columbus Ave entrance.

3. Once inside the building, head forward and left to get to the elevators.

4. Take the elevator up to floor 5.

5. After reaching the 5th floor, turn left from leaving the elevators and walk straight through the doorway marked 501-519.

6. Take the first possible right and head straight down the hallway. Go through the double doors and continue walking down the hall.

7. At the end of the hall on your left will be room 550. Please have a seat on one of the red chairs and an experimenter will be with you shortly.
